

ARIF PASHA

Python Full Stack Web Developer

Shantinagar Chintamani, Chikkaballapur | +91 9980414969 | arifpaasha05@gmail.com

GitHub Profile: <https://github.com/arifpaasha05-create>

PROFESSIONAL SUMMARY

Enthusiastic and results-driven **Python Full Stack Web Development Trainee** with a strong grounding in modern web technologies including HTML5, CSS3, and core JavaScript. Currently pursuing practical industry-oriented full stack training at **Achievers IT, Bangalore**, developing expertise in both frontend presentation and backend logic.

Brings a unique blend of technical aptitude, structured problem-solving, and business acumen transitioned from a **B.Com in Entrepreneurship** background. Proven capacity for disciplined learning, rapid skill acquisition, and building responsive, accessible, and user-friendly digital experiences.

TECHNICAL SKILLS

Frontend Technologies:	HTML5 , CSS3 , JavaScript , Responsive Web Design
Backend & Programming:	Python, Full Stack Architecture Principles
Version Control & Tools:	Git, GitHub, VS Code, Chrome Developer Tools
Business & Productivity:	MS Excel , Tally ERP 9.0, MS Office Suite

TECHNICAL PROJECTS

Meal-Finder Web Application | HTML5, CSS3, Responsive Design

- **Project Scope:** Built an intuitive, responsive web application enabling users to search, discover, and view diverse meal recipes and culinary ideas.
- **UI/UX Implementation:** Crafted modern CSS styling with modular Flexbox and CSS Grid layouts, delivering optimal layout transitions across mobile, tablet, and desktop view ports.
- **Code Quality:** Structured clean, standards-compliant semantic HTML tags and organized style sheets for high readability and fast page load speeds.
- **Deployment & Version Control:** Maintained version history and project commits using Git and hosted source code on GitHub.

TRAINING & PROFESSIONAL DEVELOPMENT

Python Full Stack Web Development Program

July 2026 – Present (Ongoing)

Achievers IT, Bangalore

- Enrolled in an intensive, project-driven software development program covering end-to-end full stack web architecture.
- **Frontend Mastery:** In-depth training on semantic HTML5, modern CSS3 styling, responsive layouts, and core JavaScript concepts (ES6+, functions, DOM, string manipulation methods, and events).
- **Backend & Database (In Progress):** Developing proficiency in Python core programming, object-oriented concepts, web backend frameworks, and relational database systems.

CERTIFICATIONS

- **MS-Office & Tally ERP 9.0 (NUDI, BARAHA)** — Comprehensive certification in computerized business accounting and productivity tools.
- **Entrepreneurship Development Programme (EDP)** — Practical program focusing on business planning, organizational operations, and management strategy.
- **Recycling of Sericultural Waste Biomass & Production of SERI-GOLD Compost** — Specialized scientific workshop and certification on sustainable agricultural processes.
